Let us do graphic designing

ABOUT ME

I'm Namono Faith , a young and very passionate graphic designer aged 21.

I started learning graphic designing from WITI. I am currently pursuing a Diploma in Computer Science at Women's Institute of Technology and Innovation(WITI).

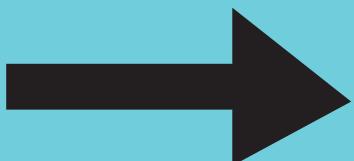

I do my graphic design work with a lot of love, I love keeping my work simple but communicative.

I have gained skills in using the adobe illustrator so far to create works of graphic design like logos, news papers, food menus, among others.

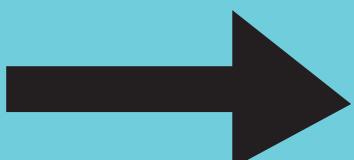

As I continue doing my course, I believe that I will be equipped with more skills and experiences in graphic designing.

Keep in touch with me!

ABOUT US CARE FREE

Our Services

Far far away ,behind the cities,far from the towns,we live there where fresh breeze comes from.We are found in the place that many call bad,think its disgusting to stay there,but we tell you that it is the best place for anyone to live.

A place near the lake shores,surrounded by trees,a water body, and by various things from nature.Just the lake many know,Lake Victoria the largest water body in East Africa.

What Is Our Real Location?

Across the lake,Victoria is where we are located.we are specifically found in Buwaya an island.

Many people think that this place is surrounded by witches,it will never develop because of the fact that there is a lot of witchcraft in the area.???

**But this is a wrong thinking.....
For we have been in this place and we are still there.We are gonna become opulent in this spot that many think it is charmed.**

Topic 01

Love yourself Buddy.Be your First LOVE.This is always my first priority,Self love.Who will love you if you dont love yourself first? So now buddy love yourself first before anybody else.....

My Grand Mother told me."my girl if you dont love yourself,No body will love you." It is just like they say "Respect yourself first before you tell others to respect you."

My beloved even God said love your neighbour as you love your self.Dont you think that also God knew that it is impossible to love a neighbour minus loving oneself.

Topic 02

**Do Not Be Worried About Anything.
Do not be worried,Even the Bible has a verse that says do not be worried about tomorrow.....**

For God is the one who takes care of us then now why should you get worried.We should just think about today and solve today problems.

Life is too short so we should mind about things that keep us smiling daily than minding about tomorrow worries.That is why we are care free,we dont worry much.Life is short darlings.
